

**DentaLab for QuickBooks
2007 Release XI-009**

OVERVIEW

This document reviews the significant enhancements to DentaLab for QuickBooks (DQB) in 2007 Release XI -009 in July based on requests and suggestions from users of the system as well as the technical support staff. Here is a summary list:

New Call Doctor Report

- Based on Case Start Date and Call Doctor check box.
- Lists Doctor/Case Information/Telephone for those who requested a call.
- Available from both lower left Reports quadrant and Report Center

New Doctor Preferences Report

- Available for one customer from Customer Information screen,
- Available for all customers from Report Center.
- Formatted so that it can be sent to doctor for review/update.

New Recovery of Parameters File

- PARAMS.XML will be regenerated if disk error occurs on this file.
- User will be directed to connection initialization screen to re-establish connection.

Faster Case Search by Case Number

- If case number is known, this will provide the greatest speed to find case.
- If case number is known, do not combine with other criteria as this will slowdown the search.
